ID	Title	Description	Budget
1734	Music classroom for Helsinki residents (temporary)	A music classroom in the Viikki Youth Centre area that young people could reserve for playing and practising. The music classroom should feature all common instruments and other important commodities for playing music.	300 000 €
1737	Vaskipelto dog park	Renewing and modernising the Vaskipelto dog park. Improving the ground of the park and building a fenced off exit area. The current size of the park must be preserved in the renewal.	250 000 €
2100	Improving the Puistola station region	Improving the Puistola station region. Installing clear signage in public places and a guidepost on the Maatulli square to direct visitors to local services, and increasing lighting and the number of benches.	150 000 €
2101	Shining the spotlight on the artists of Puistola and Tapulikaupunki	Creating a model in which local artists get to showcase their art 3–4 times a year, e.g. at libraries and assisted living facilities. Inviting artists from other areas to take part as well.	200 000 €
2102	Minifootball field in the north-eastern major district	Building a minifootball field with a “goal” in the middle in the park. There would be different starting points around the edge of the field and courses like in minigolf. Maintenance and ball rental services at the field.	60 000 €
2252	Improved safety in Puistola and Tapulikaupunki	Increasing safety by means of a communal meeting place called ‘Grandma’s Place’, open once a week in the evening. The place would feature a chair to sit on and grandmas listening. Juice boxes and sweet buns would be served as refreshments.	500 000 €
2253	Communal activities and city friends for seniors in the north-eastern major district	There is a need for easy-to-access city friends to provide the seniors of the north-eastern major district with company and assistance, as well as a need for communal activities, such as service advice and senior discos.	350 000 €
1741	Artificial turf for Ala-Malmi Sports Park	Ala-Malmi Sports Park needs an artificial turf to replace the outdated sand field. The field would serve several football clubs in the area and Helsinki residents in general.	400 000 €
2104	Swimming courses for women and girls in the north-eastern major district	Swimming courses for women and girls in the north-eastern major district	60 000 €
2254	Football coaching at the schools of the north-eastern major district	Football coaching at schools in the north-eastern major district. Hiring an exercise coach, for example, to direct football practice or practice sessions in other sports at the schools.	35 000 €
2255	Further development of the Suuntimotie park	Installing workout equipment with adjustable weights in the outdoor exercise site of the park. Building a football rink with an artificial turf as well.	300 000 €

ID	Title	Description	Budget
1744	Making the playground more pleasant	Making the Kurranummi playground or another playground in the north-eastern area an outdoor activity site for the whole family.	350 000 €
1937	Expanding the Savela freestyle park for skaters and beginners	The Savela freestyle park inspires many young people to go out and be active. Proposing building smaller ramps and rails, which the park currently lacks. They would encourage younger children to familiarise themselves with the sports.	150 000 €
1941	Stairs in Hiidenkivenpuisto Park	Exercise stairs on the hilly forest path to the top of Hiidenkivi on the western side of Hiidenkivenpuisto Park. Increasing lighting and nature themes for school pupils' learning and exercise activities.	200 000 €
1942	Upgrading the Nummisuutarinpuisto playground	Changing the swings and the climbing frame and updating the cherry and apple tree path signage. Adding the outdoor exercise equipment designed for Heikinlaakso to the park as well.	350 000 €
1943	Playground at the Fallkulla Domestic Animal Farm	Building a versatile playground that inspires physical activity at the beloved family trip destination. The location would conveniently serve the new daycare centres planned near the area as well.	500 000 €
1752	Balancing equipment at playgrounds and outdoor gyms	Parents and seniors tend to just stand and watch at playgrounds. Let us add balancing equipment to the parks for adults to practise balancing on.	100 000 €
1950	Renovating the 'duck pond' of Sunilanpuisto Park in Pukinmäki	Renovating Sunilanpuisto Park naturally. Ensuring the safety of the wood structures, overhauling the benches, increasing lighting and tidying up the environment.	400 000 €
2122	Rug-washing spot to increase physical activity and communality	Building "dry land" outdoor rug-washing spots at playgrounds/exercise sites. Providing a water supply and a sewer system. The sites could feature rug wringers and drying racks.	400 000 €
1760	Free-of-charge stop-motion video club for young people and students	Using Legos is a popular way to make stop-motion videos. Instructed clubs would enable pupils to make stop-motion videos in an encouraging environment. As such, there is a need for instructors, a camera, Legos and a computer.	60 000 €
2275	Peaceful study and work facilities at the libraries of the north-eastern major district	Peaceful reservation-free facilities for studying/working at the libraries of the north-eastern major district (particularly Tapulikaupunki, Tapanila and Suutarila). The facilities would feature desks, chairs and electricity outlets for 20 users.	35 000 €
1761	Intercultural encounters and programmes in the north-eastern major district	There is a need in the north-eastern major district for places and programmes that would enable different communities to get together on a regular basis to showcase their culture and talents in order to promote intercultural communication and communality.	350 000 €
2276	Tables and benches and waste bins in Northeast Helsinki	Adding tables and benches to the parks of Malmi, Tapulikaupunki and Tapanila in particular. Adding waste bins to the parks as well. Placing them by the tables and benches.	200 000 €
2127	Creative physical activity for all ages all year round	Creative, free-of-charge and open dance and body conditioning sessions indoors and outdoors regardless of skill levels and physical condition. The urban nature could be utilised outdoors. Groups would get together at different times.	150 000 €
2128	Developing playground operations	Extending playground operations until 18.00 so that working parents could take part in activities with their children. Instructors and equipment are needed for extending the operations.	150 000 €
1964	More outdoor gyms in the north-eastern major district	More outdoor gyms with a stretching area, equipment with adjustable weights, sit up benches and back trainers. Areas: Malmi, Suutarila, Jakomäki, Tapanila, Siltamäki, Tervapääsky, Tapaninvainio beach.	350 000 €
1773	Improving the environment of Tapanila Station!	Improving the pleasantness of the surroundings of Tapanila Station by means such as beautiful plantings, more colours, murals and trees.	150 000 €

ID	Title	Description	Budget
1966	Improving the environment of Pukinmäki Station!	Improving the verdancy of the surroundings of Pukinmäki Station by means such as beautiful plantings, more colours, murals and trees.	150 000 €
2135	Be ur self – A project to promote diversity	Providing north-eastern comprehensive schools and pupils' leisure time with campaigns, theme days and experts by experience talking with young people about racism and sexual and gender minorities. Working groups consisting of young people.	100 000 €
2136	Improving the throwing platforms of the Siltamäki disc golf course	The throwing platforms of the Siltamäki disc golf course are in terrible condition when it rains or the ground is moist. I propose extending the concrete platforms to make them sufficiently long for run-ups.	100 000 €
2293	Sprucing up Ylä-Malmi Square!	People spend a lot of time on Ylä-Malmi Square but find the environment to be particularly unpleasant. The local residents and especially young people would like for the pleasantness of the square to be improved through plantings and vegetation.	150 000 €
1790	Basketball and padel court and a hangout place	Building a basketball court, a couple of padel courts and a hangout place where the sand field is. If this location is unsuitable, a better one can be sought elsewhere in the Malmi area.	200 000 €
2142	Renovating and expanding the Pukinmäki local exercise site	The Pukinmäki local exercise site is very popular, especially the football rink. The place is in need of renovation. Another football rink could also be placed in the area.	100 000 €
2298	Communal Lego building for adults	Building together based on creating a large structure that could take a semester to complete. People of all skill levels could participate. The City would have to provide a facility, time, Legos and an instructor for the building project.	35 000 €
1980	Multi-function field in Tapaninvainio	Tapaninvainio needs a multi-function field suitable for football and basketball, a "cage." The field could be built on the Tapaninvainio beach, by Melontaranta or in the Ollilanpuisto field.	150 000 €
1987	Funding for materials and events for a 'Helsinki Reads' campaign	Organising a 'Helsinki Reads' campaign to inspire people of all ages to read. Holding various workshops and events. Acquiring materials for schools, daycare centres and libraries.	150 000 €
1795	Surveying how well residents' wishes are realised in city planning	It would be useful to know the degree to which the City realises residents' wishes presented in hearing processes and what residents have wished for. Ordering surveys from students writing their master's theses, for example.	250 000 €
2305	Viikinmäki dog park	The place for the dog park is located by an outdoor activity route and has the recommended amount of space for a two-section dog park. The location would also facilitate building a swimming spot for dogs.	250 000 €
1993	Renovating the pedestrian routes of Viikinmäki	Upgrading the pedestrian routes with wooden stairs and directing stormwater into the Vantaa River with a small drop-down basin in accordance with the creek theme of Maarianmaanpuisto. Renovating the downhill areas leading to the river as well.	250 000 €
2150	Campaign pilot against graffiti	A pilot campaign in the Viikinmäki–Pikkukoski area against spray paint graffiti in nature and public and private areas. The pilot could be used in other areas as well.	35 000 €
2152	Elevating the Jokipolku pedestrian route	There is a busy outdoor activity route along the Vantaa River. The route is in a depression between Jokipolku and the Pukinmäki rug-washing spot, almost down to the water level of the river. Elevating the pedestrian route to prevent it from being flooded.	200 000 €
1798	Nature path in Puustellinmetsä	Building an activity-based nature path in the Puustellinmetsä forest connecting Suutarila, Töyrynummi and Tapulikaupunki. Connecting pedestrian routes and paths would make the route an interesting ring path.	100 000 €

ID	Title	Description	Budget
2153	More verdancy in Puistola	Flowering bushes and trees along Suuntimotie, Puistolantie and Puistolantie. Summer flowers on the market square. Bushes and bulb flowers in the middle of the roundabout. Trees in the park area, following the continuous growth principle.	100 000 €
2154	Football goals	Metal football goals! The goals of the school to be demolished in 2024 will soon be out of use. They could be moved to the empty sand field, or new goals could be acquired for the field.	35 000 €
2157	Dedicated tree for every city district	I propose planting trees dedicated to each city district. Local residents would be heard when selecting the tree species in order to make the tree match the spirit of the district as well as possible.	100 000 €
2158	Removing invasive plant species and tidying up the river shore	Removing invasive plant species, such as the Himalayan balsam. Removing trees in poor condition in Jokivarsi. Adding more waste bins and seats.	60 000 €
2001	Renovating the Lestimäki execution site	Installing a sign by the memorial rock to provide information about the history of the area. There could be seats on the hill. The renovation would be carried out with respect for the nature of the hill.	60 000 €
2313	Safe facilities for young people in the north-eastern major district	More safe hangouts for young people in weekday evenings. Establishing living room spaces at the local schools and engaging children and young people in planning activities. Hiring adults to serve as supervisors.	600 000 €
2162	Renovating the swimming spots along the Vantaa River	Tidying up and clearing the surroundings of the swimming spots along the Vantaa River. The area is also in need of better maintenance.	60 000 €
2002	Financial education for young people at the schools of the north-eastern area	Young people want to learn more about finances, saving money, investments, taxes and managing their own economy.	300 000 €
1804	Electric scooter courses in the north-eastern major district	Electric scooter training for young people in the north-eastern area, focusing on both the rider and other people using the road. A certificate would be granted for completing the riding course.	35 000 €
2003	Sign language teaching at north-eastern comprehensive schools	Sign language teaching at north-eastern comprehensive schools for pupils who want it.	35 000 €
2314	Rainbow activities for young people in the north-eastern major district	Young people need a safe space in which they can be themselves. Providing an opportunity to meet new people and find friends among likeminded young people.	35 000 €
2315	'Better online security' media workshop at north-eastern schools	Young people want correct and up-to-date information. Media workshops at the schools of the north-eastern major district every two years. The workshops would provide information about matters such as preventing online bullying.	35 000 €
1806	Overhauling the play areas of Tapanila	Overhauling the Ojanvarsipuisto and Päivölänpuisto playgrounds. Adding play equipment to the playgrounds to inspire older children to be physically active. Involving local children in planning the overhaul.	500 000 €
2167	Mural for Kaija Koo in Pihlajamäki	Kaija Koo is from Pihlajamäki, and her story is an inspiring one. A mural would increase the pleasantness of the area and pay tribute to Kaija Koo.	100 000 €
2322	Animal hobbies at the comprehensive schools of the north-eastern area	Animal hobbies at the comprehensive schools of the north-eastern area. The goal would be to create a positive atmosphere and for pupils to get to know new animals to play with and pet.	35 000 €
2323	Inspiring break yards for the pupils of Puistolantie Lower Stage Comprehensive School	Breaks are important to us pupils. Let us renovate both yards of Puistolantie Lower Stage Comprehensive School, adding swings, gymnastics bars, slides and climbing frames to them.	100 000 €

ID	Title	Description	Budget
2325	Activity park for young people in the Malmi/Tapanila area	Building a dedicated outdoor activity area for young people, providing them with physical activity and leisure time opportunities. For example a basketball court, a massive climbing frame, a treehouse, a hangout area and a shelter.	300 000 €
2173	Life-hungry park	Establishing a park for all age groups featuring attractions such as a barbeque site, picnic tables, summer theatre, game tables for seniors. Also a flea market and vending tables for handicraft makers and farmers.	400 000 €
2010	Lighting on Harjulanpolku	There is a well-maintained non-motorised traffic route between Aulangontie and Pihlajisto, Harjulanpolku. The Pihlajisto dog park is located by it. The route is in need of lighting.	100 000 €
2015	Outhouse in Tervapääskynpuisto (and other parks)	Adding an outdoor toilet to the new and fancy Tervapääskynpuisto park. Children often have to stop their games because they have to go home to use the toilet.	250 000 €
2180	Renovation of the sports park	The exercise path in the Puustellinmetsä Sports Park is in poor condition. The signs are also broken. In winter, signs are needed to reserve the skiing track for skiers only.	35 000 €
2017	Renovation of dog parks	Increasing the lighting in the parks, repairing the old and broken fences and gates and guiding the runoff waters. More trees should also be planted in the parks.	350 000 €
2185	Outreach youth counselling and support for the Suutarila-Siltamäki area	Outreach youth counselling workers could be hired for the Suutarila-Siltamäki-Töyrynummi area, with workers that are familiar with the area's young people and their parents. The young people can get guidance, support and advice when needed.	300 000 €
2342	Artificial turf for a school sports field at Polku Campus	The sand field of the Polku school building of Pukinmäenkaari School could be renovated by adding artificial turf, six new large football goals, a wall for kicking balls at and a panna arena.	500 000 €
2189	A shared 'living room' for all residents in Jakomäki	Jakomäki does not have a shared 'living room' for people of all ages to get together. Jakomäki needs a space where people can come together and spend time together during the day and in the evenings.	500 000 €
2190	Barbecue spots in North-eastern areas and Jakomäki	Barbecue spots for the north-eastern and Jakomäki areas. Jakomäki has the sandpit, which would be a good place for a barbecue spot.	200 000 €
1831	Renovation of 'Assan kaltsi', i.e. the corner of Suuntimotie and Sirkkalanmäki	'Assan kaltsi' is the small, unmaintained area next to the recently renovated Suuntimopuisto Park. The shrubbery in the area could be cut, and a pathway, safety fence and workout stairs could be built in the area.	250 000 €
2191	Clearing rubbish from the Longinoja trout stream	Himalayan balsam to be weeded out, grit guards to the runoff sewers of artificial turf fields, embankments to the borders of the field to prevent the grit from getting out, and well filters for the runoff sewers in the street network of the catchment area.	250 000 €
2346	Renovation of Kauriinpuisto in Siltamäki	Kauriinpuisto in Siltamäki is in terrible condition. The park was supposed to be renovated earlier, but the funds planned for it have been used for other purposes. I hope that the park renovation will come to fruition through OmaStadi.	300 000 €
2348	A community meeting space for adults in Malmitalo	A meeting place for adults should be established as part of the Malmitalo premises. The space could have a café and a pool table, and it would offer facilities for different courses and exercise and well-being activities.	300 000 €
1843	Helsinki, Friend of the Environment: Our Area! (V 2.0)	The digital Ympäristö-Ystävä (Friend of the Environment) tools enable the calculation of carbon and environmental footprint. The tool offers recommendations for emission reductions. The users can compare the results within their own area.	500 000 €

ID	Title	Description	Budget
1845	For a safe school journey and the youth of Puistola	The school pupils of Koudantie and Suuntimopuisto schools should be protected by adding pedestrian traffic lights, or a speed bump and a speed limit sign. The youth in Puistola should also have more places for exercise during breaks and a youth centre.	350 000 €
2353	Cleanliness and relaxation in Puistola	Larger bins are needed at bus stops and along walking routes. Nummisuutaripuisto Park should have more benches. The appearance of the arboretum could be enhanced by adding a picnic place and a bench by the stream.	150 000 €
2203	Renovation of the Pihlajamäki tennis courts	The tennis courts in Pihlajamäki are in poor condition. The area's foundation should be renewed before building the new courts planned by the City.	100 000 €
1855	Multipurpose field for summer/winter	A year-round sports field with dressing rooms/locker rooms to be built near the Filpus Daycare Centre and Hietakumpu Primary School. Exercise equipment could be installed on the side of the field.	200 000 €
2034	Dog park for Puistola	Puistola has a great deal of dogs. They need a dog park where they can run freely and get to know other dogs. A section from Suuntimonpuisto could be reserved for a dog park.	250 000 €
2035	Renovation of Maarianmaanpuisto play area	Let's renovate the play area: repairing the foundation, adding a slide/sandbox. Viikinmäki has no playground. Changing the play area into a playground should also be reviewed.	200 000 €
2377	Opening service homes in Siltamäki to residential use	The protected buildings could be made available for the residents to use to promote opportunities for different age groups to spend time together, as well as opportunities for making culture and art. A shared firepit in the yard and a joint garden.	500 000 €
2046	Local poetry on sides of bins in Pihlajamäki	Public art makes the surroundings more livelier and gives people something interesting to look at along their daily routes. Let's tape some poems to the rubbish bins in the area, with themes such as nature and the seasons, for example.	35 000 €
1867	Traffic through the Tapanila villa area	The speed limit of Päivöläntie, a street running through the Tapanila villa area, could be lowered to 30 km/h. The area is a protected site, and critters such as hedgehogs and squirrels run around the area, as well as children. Speed bumps should also be built in the area.	150 000 €
2049	Lighting during dark for Viikinojanpuisto playground	The playground should be lit so that school pupils and toddlers can spend time with each other and with their parents in safe conditions.	60 000 €
1874	Lawn for the football field at Pukinmäki Sports Park	Converting the current sand field into a field with artificial turf or natural lawn. The field should be freely available for children and youth without any cost and it should include football goalposts.	400 000 €
2051	Renovation plan for the old Malmi Youth Centre	A historically valuable building, a former youth centre built in 1929, is located at the Ylä-Malmi Market Square. The building's condition should be surveyed and a repair plan compiled, with cost estimates included.	150 000 €
2053	Making use of the giant's kettles	The giant's kettles in Aarnikanmäki, Aarnipata and Rauninmalja must be given the respect they deserve. A model and/or virtual presentation showing the birth of these formations could be created.	35 000 €
2223	Space for artists	Affordable rental facilities from the City for visual artists, whether they be professionals or amateurs. Artists could be invited to participate in joint cultural projects with the City, thereby increasing the area's value and comfort.	687 351 €
2228	Small play area for Nyyttipuisto in Alppikylä	Nyyttipuisto should have a small play area for (young) children, with a swing, a slide and a small sandbox. There could also be a fence around the park.	300 000 €

ID	Title	Description	Budget
2395	Renewing the Unikko Playground yard to serve children of all ages	The yard of Unikko Playground is in need of a new look: in-ground trampolines, a slide and a jungle gym for older children, artificial turf for the football field and spider web swings.	600 000 €
2397	More natural flower meadows and meadow activities	Resident survey on meadows, and turning lawns in infrequent use into meadows with information boards based on the results. Arranging meadow walks and volunteer events. Planting natural flowers to Siltalanpuisto.	200 000 €
2399	Stormwater filters	Stormwater filters that collect any debris from water flowing to sewers are often used in Finland. The north-eastern area should have these filters in areas where they play a key role in keeping our marine areas clean.	300 000 €
2235	Gardening together at community gardens	Community gardens should be made more visible by listing them in the City's website and the service map, for example. Founding new community gardens should be easier. Cooperation between the park or regional maintenance and community gardens.	100 000 €
2407	Bird-friendly construction	Improving the bird-friendliness of the built environment by means such as installing birdhouses onto buildings and applying patterns to large glass structures. Developing bird feeding in winter.	150 000 €
1897	Tennis wall for Siltamäki Sports Park and other tennis locations	A large enough tennis wall to Siltamäki Sports Park and other tennis locations, and artificial turf for practising tennis as solo-play.	60 000 €
1903	Flower power for people and pollinators	Let's plant natural flowering pollinator plants – especially berry bushes and fruit trees. Could be partly implemented through volunteer work and made visible through signs and maps.	200 000 €
1908	More light! Better surfaces for the dog park!	The surfaces of the dog park on Henrik Forsiuksen tie need to be renovated. The safety of the park and the parking area of Lehto Areena and the sports field can be increased by better lighting.	150 000 €
2248	Kids' dialogue for Helsinki	Let's make our young people the best conversationalists in the world and help them understand each other! School pupils participate in Kids' dialogue where they discuss the themes of everyday safety, equality and well-being.	100 000 €
2087	Turning 'Monttu' into the beating heart of Pihlajisto	The area could be equipped with a movable performance stage, a permanent canopy, benches for the audience, outdoor loudspeakers, lights and a fixed projection screen on the wall. The fountain could be opened and the tunnel taken into use.	300 000 €
1914	Skateboarding area for Maarianmaanpuisto	A skateboarding area and outdoor gym for Maarianmaanpuisto. The gym could be similar to the one close to the Eläintarha skateboarding park, for example.	400 000 €
2424	Poem and story times for children at libraries	Weekly poem times for families with infants and children in the northeast. These moments could include nonsense poems, stories and meeting other children and parents. Advertising through Instagram and the City's website.	150 000 €
1918	Renovating the sports field: football field/skating rink	Renovating the sand field of Heinäpellonpuisto into a football field with goalposts in the summer and freezing it into an ice skating rink in the winter.	60 000 €
2091	Peer support for parents of school-age children (Malmi)	Regular peer meetings for parents of school-age children, with expert lectures on various topics. These could be held at the Filpus, Kotinummi or Traktori playgrounds.	150 000 €
1921	Professional-level filming equipment for non-commercial movie production!	Film production cameras, cine prime lenses and other professional-level equipment for film enthusiasts. The finished productions could be edited at Oodi.	60 000 €
2429	Viikkari playground in need of renovation and modernisation	Viikkari playground is in active use by families with children of different ages. The park needs a renovation and more shaded areas and spots for eating snacks.	400 000 €
